EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Sarah Bittner on 3/18/08.

2. The application has been amended as follows:

3.

2.1 in claim 17, line 7, replace "nonthermal defunctionalization" with --defunctionalizing of the functionalized carbon nanotubes and wherein the radiation is selected from the group consisting of protons, neutrons, alpha particles, heavy ions, cosmic radiation, solar wind, and combinations thereof—

2.2 Claim 25 has been cancelled.

STATEMENT OF REASONS FOR ALLOWANCE

4. The following is an examiner's statement of reasons for allowance:

The most pertinent prior art known to the Examiner is listed on the attached forms PTO-892 and 1449. As shown by Tour et al., Xie et al., Glatkowski et al., Margrave et al. and Cooper et al., the close prior arts of record, the process of forming a nanocomposite with functionalized carbon are well-known. However, none of the prior art of record including Tour et al., Xie et al., Glatkowski et al., Margrave et al. and Cooper et al. provides sufficient suggestion or motivation

Art Unit: 1796

to further defunctionalize the functionalized carbon nanotubes within the nanocomposition via the specific radiation as required in the present claims. Accordingly, the claimed invention, as a whole, would not have been obvious to one of ordinary skill in the nanotechnology art. None of the prior art of record teaches, discloses or suggests the process with the defunctionalization of the functionalized nanotubes in situ in the manner as those recited the present claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tri V. Nguyen whose telephone number is (571) 272-6965. The examiner can normally be reached on M-F 8:00 AM to 5:30 PM.
